Religious Gatherings.

Important Work Done by the Presbyterians.

WOMEN RECOGNIZED AT LAST.

The Assembly Decides That There Can Be Deaconesses—The Race Question Brought Up—Revision Committee Announced—Proceedings of the Methodist at St. Louis and Other Religious Meetings.

SARATOGA, N. Y., May 27.—At the Presbyterian general assembly yesterday morning, after approval of the minutes, the report of the committee on synodical records was read. These were mostly approved.

The assembly, in approval of an overture from the Wisconsin synod, reaffirmed its deliverance of 1870 in favor of retaining the reading of the Bible in common schools.

The report of the standing committee on publication was delivered by its chairman, Dr. Howard Crosby. He thought that Sunday school and missionary work and the preparation of Sunday school books and lesson helps and of denominational helps were well done whatever any one may allege as to the business management. They have organized 1,139 new schools, with 4,542 teachers and 38,836 scholars; 109 schools besides these have been organized in consequence of the offer of the board to supply hymn books, lesson helps and Bibles to any one establishing a new Sunday school. Our missionaries have visited 2,616 Sunday schools, 22,590 families and traveled 302,493 miles. There has been much advantage, direct and indirect, from the work of the board, whose laborious fidelity is worthy of all praise.

The report of the committee on the freedmen, as to allowing colored Presbyteries to appeal directly to the other boards, was against the request. The report was taken up. Dr. Booth opposed discrimination, and thought one Presbytery was as good as another. To place the colored Presbyteries in a separate category was unfair, and while it was done the manhood of the colored people was impugned and they could not feel at home in the Presbyterian church. He moved that their request be granted.

Dr. Morris said the Freedmen's board was intended to carry on a specific work among the colored people of the south. In brief, it does the work of all other boards. He thought this board was needed, and must do the work it does for the wards of the church at large. It is a question affecting the very life of the board, and to repeal the rule is virtually moving to abolish the Freedmen's board.

Dr. Patterson sympathized with colored Presbyteries, and did not want them branded with the stigma of inferiority. Other boards can take independent action with their Presbyteries and all should have it.

Dr. Crosby said the logic was with the colored brethren.

The vote was taken on Dr. Booth's amendment, and the call of division settled it in the affirmative. The vote stood 150 to 145, and was taken amid considerable excitement.

The motion to adopt the report was carried, the vote being 179 to 125. The report on deaconesses was taken from the docket. Dr. Wakefield advocated the report. He thought women who served the church should have ecclesiastical recognition.

Dr. Parks brought out the fact that the women were not asking for office, and Dr. Vandike said that modest women would not accept it.

Rev. Warren, of California, quoted adverse action of previous assemblies, and there was no evidence in the Scriptures for the office.

Rev. Banner likes the spirit of the report and the desire to recognize the women officially.

Dr. Crosby said the New Testament recognized deaconesses.

Dr. Vandike thought the assembly had enough to do with revision without going into other matters.

Dr. Agnew opposed the paper. Mr. Warren moved that no further action than that adopted by previous assemblies be taken. The motion was lost, and the recommendation to send down overtures was adopted, after Dr. Moore had amended that the deaconesses be simply set apart by prayer.

At the night session the nominating committee announced the following as the committee which is to do the actual work of revision, and to report to the assembly of 1891.

The committee as named was accepted by the assembly unanimously.

Seminary professors—W. H. Greene, Princeton; Thomas H. Hastings, Union; M. B. Riddle, Allegheny; W. J. Beecher, Auburn; E. D. Morris, Lane; Herrick Johnson, McConnell; William Alexander, San Francisco.

College presidents—Francis L. Patton, Princeton; William C. Roberts, Lake Forest.

Pastors—W. E. Moore, Columbus, O., moderator of the assembly; H. J. Van Dyke, Brooklyn; Ebenezer, Erskine, Chambersburg, Pa.; J. T. Lettwith, Baltimore; J. C. Nichols, St. Louis; E. R. Burkhalter, Cedar Rapids, Iowa.

Elders—Ex-Justice William Strong, Washington, D. C.; ex-Senator J. R. McMillin, St. Paul; Judge Alfred Ham, Scranton, Pa.; Emerson E. White, Cincinnati; Judge Henry D. Saylor, Huntington, Ind.; Winthrop S. Gilman, New York; Barker Eumer, Trenton, N. J.; William Ernst, Covington, Ky.; George Junkin, Philadelphia; Charles R. Charnley Chicago.

Detroit was elected as the next place of meeting.

The following committee was appointed on a consensus creed: Drs. William E. Moore, William H. Roberts, Howard Crosby, John DeWitt, Francis

Brown, B. B. Warfield, and Elders E. P. Durant, Henry Day and Robert N. Willson.

GERMAN CATHOLICS.

Sixty-Six Societies Represented in a Convention in Milwaukee.

MILWAUKEE, Wis., May 27.—The greatest convention of German Catholics ever held in the west opened here yesterday. Sixty-six societies, connected with the Central Catholic society are represented, and it is calculated that close upon 15,000 adherents of that denomination from outside points are in the city.

This is the first gathering of the kind in the United States, and while its primary object is to form a state organization, and to elect delegates to the National convention, to be held in Baltimore next month, it has a political as well as a significance from the fact that the benefit law as well as questions relating to the training and education of children are to be considered. The delegates assembled this morning in the hall of the Deutscher Mannverein, where an address of welcome was delivered by Mayor Peck, and responses made by Hon. H. I. Spannhof, of St. Louis, president of the Catholic Central Society of the United States.

In the afternoon there was a grand parade of Catholic societies, in which thousands of people participated from all parts of the state. Seventy-five societies were represented, while numerous bands furnished the music. The city is greatly decorated in honor of the visitors.

M. E. CONFERENCE, SOUTH.

The Editors Selected and Other Important Work Done.

ST. LOUIS, Mo., May 27.—In the Methodist Episcopal general conference yesterday Rev. W. Harrison, of Nashville, was re-elected book editor; W. G. Cunningham was elected editor of Sunday school literature.

Committees on Sunday school and church extension for the ensuing term were appointed.

H. P. Walker was elected editor of the paper which is to be established by the publishing house in San Francisco.

The committee on finance submitted a majority and a minority report regarding plans for entertaining the next general conference, and, after a long discussion, the majority report, which recommends that \$27,000 be raised by assessment on the various conferences on the basis of the bishops' funds, was adopted. The proposition to take from the Boston conference its North Carolina territory and add it to the new West North Carolina conference was agreed to after a long debate.

Baptist Home Missionary.

CHICAGO, May 27.—The fifty-eighth anniversary of the Baptist American Home Missionary society began yesterday morning at the Immanuel church. The principal business before the assembly was the president's address and the annual report of the executive committee. The reading of the report was followed by address of "The Increase of the Benignity in Our Churches," by Rev. Dr. L. A. Crandall, of Ohio, and on "Our Foreign Population," by Rev. L. J. Meyer, of Illinois, and Rev. E. S. Smith, of Wisconsin. In the afternoon brief addresses were made concerning the work of the society in the various western fields.

LOWER CALIFORNIA PLOT.

President Diaz in No Alarm—Not True That the Natives Feel Rebellious.

CITY OF MEXICO, May 27.—President Diaz, speaking of the filibustering movement in Lower California, told a reporter that the United States government would not allow neutrality to be violated, and the Mexican government would protect her territory. It has sufficient forces in Lower California to repel any invaders.

The secretary of the interior, Emanuel Romero Rubio, says that all statements that the natives of Lower California are in league with the filibusters are false, and he has advice that the natives are ready to operate against any invaders.

Telegrams received here state that the people of Lower California are a unit against the filibusters and that all statements to the contrary are false.

The dispatches also say that there is very little complaint against the Federal officials who in most instances were sent from here, and that Governor Torres is very popular. The affair is the topic of general conversation here and causes considerable excitement. The better classes approve the conduct of the United States government.

FOOLHARDY JUMP.

A Man Meets His Death Because He Wouldn't Take a Dare.

AMSTERDAM, N. Y., May 27.—Thomas Sheehan, aged 22, was drowned here yesterday morning. Sheehan, with several other young men was crossing the bridge over the Mohawk river, when one of the other men dared Sheehan to jump from the bridge into the river, sixty feet below.

Sheehan immediately pulled off his clothing and mounted the railing and jumped. He sank in the water, rose to the surface again and swam toward the shore quite a distance, when he was apparently overcome by cramps and sank. His body has not yet been recovered. The men had all been drinking.

Begus Brokers.

VERSAILLES, Ky., May 27.—A delegation of angry farmers from near Nicholasville arrived here Saturday after Pettigrew Brothers, commission merchants, but they had disappeared. It is said that the Pettigrews have for the past two months been working this and other county seats as commission merchants, promising large returns. They are said to have secured in all between \$10,000 and \$15,000 worth of grain and produce which the firm sold in Cincinnati and Louisville, pocketing the proceeds.

The Senate and House.

Proceedings of Both Branches of Congress.

SENATOR CARLISLE SWORN IN.

Kentucky's New Representative Takes the Oath of Office and is Seated in the Senate—Naval Appropriation Bill Passed—Proceedings of the House.

WASHINGTON, May 27.—In the senate just after the journal had been read, the oath of office was administered to Mr. Carlisle, as senator from the state of Kentucky, to fill the unexpired term of the late Mr. Beck. Mr. Blackburn escorted Mr. Carlisle to the clerk's desk, and after he had subscribed to the oath of office he was shown to his seat, and while there was surrounded by senators from both sides tendering their congratulations.

Mr. Cook presented petitions of the Farmers' Alliance in favor of the proposed ware house and sub-treasury bill. He said he had no sympathy with the plan.

Mr. Sherman presented the petition to exclude from the mails The Police Gazette and similar publications.

Mr. Plumb offered a resolution instructing the finance committee to prepare and report in connection with the tariff bill a statement showing the duties levied under existing laws in the duties as they would be under the house bill; and the duties under the bill to be reported by the committee, such duties to be stated in parallel columns. And especially if the committee should recommend new duties of the increase of existing duties, to state the reason in each case.

Mr. Sherman pointed out the difficulty of the committee on finance for its recommendation in each of the 3,000 items covered in the bill. The reasons might be given. He moved to strike out of the resolution the words "in each case." Mr. Sherman's amendment was disagreed to.

Mr. Reagan moved to amend the resolution so as to require in cases of compound duties—specific and ad valorem—a column showing the equivalent ad valorem amount of the duty.

Mr. Allison moved to insert in Mr. Reagan's amendment the words "where practicable."

Mr. Reagan's amendment, modified as suggested by Mr. Allison, was agreed to. The resolution was further amended on motion of Mr. Hawley by making it applicable to reduction of duties, and as thus amended was agreed to.

Mr. Call's resolution calling for information as to the landing of an armed force from the revenue cutter McLane at Cedar Keys, Fla., was agreed to.

Consideration of the naval appropriation bill was then resumed.

The senate devoted almost the entire time debating the provision in the naval appropriation bill for three battle ships, but the bill was finally passed.

Mr. Mitchell offered a resolution, which was agreed to, instructing the committee on pensions to report an amendment to the pension laws so as to provide in a more liberal manner for the widows, minors, children and dependent relatives of deceased soldiers.

The senate at 6:15 adjourned.

House Proceedings.

WASHINGTON, May 27.—Owing to the absence of Speaker Reed, who has gone to attend the funeral of his mother, the house was called to order by Clerk McPherson.

On motion of Mr. McKinley Mr. Burrows, of Michigan, was elected speaker pro tem.

Senate bill was passed for the erection of a public building at Canton, O.; cost, \$100,000.

Senate bill was also passed increasing to \$275,000 the limit of the cost of the public building at Jacksonville, Fla.

Business relating to District of Columbia affairs was then proceeded with until 5:20, when the house adjourned.

Death Sentence Commuted.

WASHINGTON, May 27.—President Harrison has commuted the death sentence of Lewis Williams, a colored boy of Washington, who was to have been hanged next Thursday, to imprisonment for life in the Albany penitentiary.

A BANK CHECK STOLEN.

Stamp Deputy Patty Robbed of \$44,647.20 Negotiable Paper.

LAWRENCEBURG, Ky., May 27.—Early last week T. B. Rippe gave to Stamp Deputy W. C. Patty, a check for \$44,647.20 in payment for tax on whisky. Patty placed the check with others in a drawer in his office. At night he carried them to his residence where he kept them. Having no stamps at the time of the receipt of the check he held it for a few days. When he began to issue these stamps he found that the check was missing, and all search for it was fruitless.

Several other articles of value were also missing, clearly proving a robbery. Patty came here last Friday and steps were taken to prevent, if possible, a loss to any one. An indemnifying bond signed by Collector A. R. Barnum, Chief Deputy Stone and Mr. Patty was given to the Lawrenceburg bank to secure it against any loss should the check have been cashed at some other point, and a new check issued. The matter has just been made public. There is no clew to the thief.

County Treasurer's Office Robbed.

LEBANON, Ind., May 26.—A bold robbery was committed in the county treasurer's office here Saturday, while the treasurer and his assistants were at dinner. Entrance was forced by prying open the door of the office. The sum of \$268 in cash and checks was secured. A suspicious character named O'Brien has been arrested.

PITTSBURG "SPEAK EASIES."

Vigorous Crusade Against "Unlicensed Saloons—Hundreds Arrested."

PITTSBURG, May 27.—J. O. Brown, chief of the department of public safety, is waging a vigorous crusade against the proprietors of the "Speak Easies," as the unlicensed liquor houses are called.

They were either unable to get a license under the Brooks high license law or else did not apply for one, and thus escape an annual payment of \$500.

At the last annual return day the ward constables, who are elected to office, went to the court house and swore to the non-existence of "speak easies" in their districts.

Notwithstanding this Inspector McAleese, of the First district, has since last Monday secured the arrest of 443 "speak easy" people. The district comprises the first thirteen wards only, and there are thirty-seven altogether.

One hundred and sixty-two were proprietors and the balance visitors. The former all plead guilty and were punished.

There are warrants out for forty-one other proprietors, but they are either in hiding or have left the city.

The proprietors, with few exceptions, were fined \$100 and costs, and some went to the work house. If caught again all will serve terms in prison.

The visitors generally escaped with \$1 and costs. One hundred additional informations will be made this week. As a result last Sunday was the quietest Sabbath in police circles for two years.

DOUBLE MURDER.

Farmer and Son Poisoned by a Hired Man for Purpose of Robbery.

KANSAS CITY, May 27.—A special from Sedalia, Mo., says: John Williamson, 60 years of age, a laborer on the farm of Jeff. Moore, was found in the public park yesterday, nearly dead from the effects of a dose of strychnine taken with suicidal intent. He was given medical assistance, and will recover.

Soon afterwards a farmer living in the vicinity of the Moore farm reported the discovery there of the dead bodies of Jeff Moore and his son Charles. He also reported the place deserted. Williamson was suspected of the crime. The farmer who reported the crime was taken before him and identified him as the laborer on the Moore farm.

The Moores had been missing for some time, and when Williamson was asked where they had gone, he said they were visiting friends in an adjoining county. The Moores had been poisoned with strychnine, and it is supposed Williamson committed the crime, intending to rob the house, and finding nothing of value and fearing detection, attempted to commit suicide. The doctors say he will recover, and he is now under arrest.

BLYTHE AND SMITH.

Not Much Hope for the Former, but the Neck of the Latter May Be Spared.

COLUMBUS, O., May 27.—The impression seems to be gaining ground here that the governor will not commute the sentence of Charles Blythe. Upon what this impression is based it is impossible to say, as the governor has not given any indication as to what would be his course in the matter, but it probably grows from the feeling that the after details of the Jones murder evidenced a callous depravity on the part of the murderer which renders him fit fruit for the gallows tree.

On the other hand, it is confidently believed that executive clemency will spare the neck of Isaac Smith, unless some positive evidence of his guilt is adduced. Mr. Kincaid, who acted as the volunteer attorney of Smith before the pardon board, asserts that he has secured evidence which will tend to cast further doubt as to the guilt of the condemned.

The Wedding Did Not Take Place.

COLUMBUS, Ind., May 27.—At Hope, in this county, early yesterday morning, Otto Senf, a saddler, and Miss Pearl Transee, the daughter of a capitalist of that place, attempted to elope on the eastbound Big Four train. The father of Miss Transee heard of the matter and with local officers attempted to arrest the parties at the depot. A fight ensued, Senf hitting Transee with a rock inflicting a painful wound on his head. An officer interfered. Senf drew a revolver firing at Transee, who was at that time escaping with his daughter. Senf is still at large.

Run Down by an Engine.

MILLERSBURG, O., May 27.—M. A. Henes, S. H. Ayres and James Hanna, railroad carpenters, and Enos Shodorf, foreman in the brown stone quarries at Killbuck, left for Killbuck yesterday on a hand-car. When near that place the hand-car was run down by an engine. Hanna's hip was smashed and he was hurled into the water, but was rescued by Henes and Ayres, who were unhurt. Shodorf had an arm badly mangled, and amputation may be necessary.

Injured in a Runaway.

RISING SUN, Ind., May 27.—A serious accident occurred at East Enterprise, Ind., Sunday night. A young man named Samuel Brown and a young lady named Esther Ford attended church in a buggy. After church, when they started for home, she being seated in the buggy, as he attempted to get in the horse took fright, and ran away, injuring the couple so seriously that their recovery is considered doubtful.

Ex-Congressman Baker Recovering.

BELLEVILLE, Ill., May 27.—Ex-Congressman Baker, who was dangerously ill in the early part of last week, is now convalescent, and may be able to deliver the memorial address at Sparta, Ill., on Decoration Day, as been arranged.

Aged Lady Fatally Burned.

ZANESVILLE, O., May 27.—Mrs. Elizabeth Forster was fatally burned yesterday morning by her clothes catching fire from a lamp she accidentally overturned. She was over 80 years of age.

A Republican Measure.

"It will pass into history as the most flagrant violation of personal liberty ever perpetrated in the name of reform," says the Courier-Journal of the McKinley bill, which was "railroaded" through the House this week. The Courier-Journal adds: "The principles of the bill are those which prevailed in the middle ages."

"The morality of the bill is the morality of the highwayman, that 'He may take who has the power, and he may keep who can.'"

"The purpose of the bill is to pay the financial obligations of the Republican party, and provide funds to meet future emergencies."

"The effect of the bill will be to enrich the rich, and pauperize the poor."

"By the passage of the bill the Republican party is committed, not to 'protection,' so called, but to the prohibition of international commerce in so far as commerce interferes with the profits of trusts and monopolies."

"It is committed to an irreconcilable conflict with the American people."

"It is committed to any sort of legislation demanded by the discontented capitalists."

"It refuses every measure of relief asked in behalf of discontented labor."

"It exacts higher tribute from the farmer of the West on his twine."

"It backs the bagging trust in the conflict with the farmer of the South."

"It is in cahoot with the Sugar trust, and legislates millions into its treasury."

"It becomes the avowed enemy of reciprocity."

"It declares that taxation creates wealth, and illustrates its method for reducing revenue while increasing taxation."

"There is no folly; there is no crime; there is no blunder; there is no economic falsehood; there is no hypocrisy, that is not embraced in the revenue bill passed Wednesday by the House of Representatives."

"There was at one time and at another a little balking, a hesitation, on the part now of Butterworth, now of McKenna, to consummate the bargain made by the Robber Barons, but at the last the Republicans faced the music, and passed the bill as sent to the House from the den of Forty Thieves."

"Now the politicians will hear from the people North, South, East and West."

REPRESENTATIVE LANGLEY'S actions in smothering the investigation of the charge of bribery against him will simply convince the public that he is a guilty man.

THE President yesterday appointed Judge William Lindsay, of Frankfort, one of the Commissioners at large for the World's Fair. Judge Lindsay is worthy of most any honor in the gift of the President.

HARRISON'S thousand or more Democratic majority makes her the banner Democratic county in the new Ninth Congressional district. The Cynthiana Courier says if Representative Paynter wants to make himself solid over there all he will have to do is to get them a Government building. But they want it right away. Perhaps we Democrats will stand a better show in the next Congress.

THERE'S trouble ahead for the present administration. The Government revenue from all sources for the year is estimated by the Treasury Department at \$450,000,000, while the regular appropriation bills, exclusive of the Dependent Pension bill, call for an expenditure of \$455,000,000. Miscellaneous and other appropriations will run these figures up to \$547,355,795. Perhaps this explains why the Republicans are "railroading" a tariff bill through Congress that will increase taxation.

The Solid Truth.

Says the Frankfort Capital: "The Maysville BULLETIN tells nothing but the solid truth in the following:

The press of Kentucky is entitled to much of the credit for the wonderful development now in progress throughout the State. For years the papers have been talking of the coal, the iron and the timber of the mountain counties, and the capital now being invested in the State has been attracted here largely by such talk. The talk led to investigation and investigation has been followed by investment.

"The press is the silent, unwearying worker, not only for the State, but for all its interests, including its people, and last and least, its politicians, many of whom, when once in power, are too apt to forget or deride the men who, in large part, made them. It is the fashion to sneer at newspaper men and abuse the newspapers. But the newspapers and the men who make them can and will endure much, confident in the earnestness of their convictions and the uprightness of their acts, private and public."

THAT LANGLEY AFFAIR.

The Representative Revokes a Sworn Statement and Refuses to Testify Further.

A statement was published yesterday of the charge of bribery against John W. Langley, a member of the Legislature.

The Louisville Times' correspondent says: "Mr. Langley went before the Senate Committee Sunday morning and revoked the sworn statement made Thursday night in which he denied all knowledge of how the bill got from his possession to the Governor. His memory had been refreshed by Mr. Mayo, who testified before the committee Saturday night that Langley knew all about it himself and had himself fixed up the scheme to get it returned. He had promised Mayo to do so after Mayo asked him for going back on his agreement."

"The House Committee to investigate the charge against Langley met Monday morning. The committee tried for an hour and a half to get the witnesses to testify. Mr. Langley declined to testify first. Mr. Mayo said he would not testify unless all the parties concerned were present. A witness would come in occasionally and ask permission to go out again and consult with his friends. Mr. Frank Wallace declined to testify at all."

The secret of it all came out in a statement from Mr. Mayo to the Chairman of the Committee, Mr. Flanary, that Mr. Langley had been trying to keep the witnesses from testifying before the committee. Mr. Langley was in close consultation with the witnesses and it was impossible to get any of them to be sworn and their frank statement that they wanted to consult the other parties interested did not promise well for the accuracy of any statement that might be agreed upon."

"The committee was powerless to coerce them."

"The committee at last arose, to report to the House that Messrs. Langley, F. T. D. Wallace and John C. C. Mayo had been brought before them and had declined to testify. Mayo said that he did not mean to positively refuse, but Langley and his friends wanted him to wait until they could consult further. Mayo also said that it had been agreed that if Langley made any statement to the committee, it should be to the effect that he did not believe the committee could now make a full investigation of the matter and that, for that reason, it should not attempt to make any."

"The effort to smother the investigation and protect the Republican leader of the House has so far succeeded."

The committee reported to the House yesterday afternoon and was discharged. The report was that it was impossible to get the witnesses to testify.

LOTTERY ADVERTISEMENTS.

Text of the Bill Recently Passed by the Legislature—Iron Clad.

The following bill to prohibit the advertising of lotteries has passed both Houses and has gone to the Governor for his signature:

Be it enacted by the General Assembly of the Commonwealth of Kentucky: Sec 1. That it shall be unlawful for any newspaper, magazine, sheet or periodical, published and circulated in this Commonwealth to print or publish therein any advertisement of any lottery drawing or scheme of chance, or any advertisement or announcement indicating where any ticket or chance therein can be had or procured, or to print, advertise, circulate or publish in such newspaper, sheet, periodical or magazine any matter, announcement or statement of, or in any wise concerning any lottery, drawing or scheme of chance, whether the same be an advertisement or announcement of a lottery drawing, or scheme of chance to occur in the future, or which it is usual or customary to hold, or hold at any given time, and whether such lottery, drawing or scheme of chance be held in this Commonwealth or elsewhere, or to print, advertise, circulate or publish in such newspaper, periodical, sheet or magazine any result in whole or in part of any such lottery, drawing or scheme of chance.

Sec 2. It shall be unlawful for any person to sell, expose or offer for sale, any newspaper, magazine, sheet, periodical or other written or printed matter in this Commonwealth containing any such advertisement, announcement or statement as is mentioned in the first section of this act.

Sec 3. The publisher or publishers, owners or proprietors of any newspaper, magazine, sheet or periodical violating the first section of this act, or any part or provision thereof, shall be deemed guilty of a misdemeanor and shall, upon indictment and conviction thereof in any court of competent jurisdiction, be fined not less than \$1,000 nor more than \$5,000, and shall be confined in the county jail not less than thirty days nor more than six months for each offense, and if such newspaper, magazine, sheet or periodical be published or owned by a corporation, it shall incur the fine above mentioned, and the President and managing officers of the corporation, either or both, shall be imprisoned as above mentioned.

Sec 4. Any person violating the second section of this act shall be punished by fine of not less than \$300 nor more than \$1,000, and shall be imprisoned not less than ten nor more than thirty days for each offense and each sale or exposure shall be regarded as a separate offense.

Sec 5. It shall be the duty of Judges of courts having criminal jurisdiction to give this act in his charge to each grand jury hereafter empaneled in the courts of this Commonwealth.

Sec 6. This act shall take effect from and after its passage.

FARMERS AND THE CENSUS.

Points That Will be Inquired Into by the Enumerators Next Month.

The census year began June 1, 1889, and ends May 31, 1890. Each State has from one to eleven Supervisors' districts. There are 175 Supervisors in all. There are 42,000 Enumerators, who in all parts of the country will begin their work Monday morning, June 2, 1890. Every farm will be visited before June 30, and the following questions will be asked, keeping in mind that the figures you are to give nearly all pertain to the crops of 1889, and not to the growing crops of 1890:

1. Your name as occupant of the farm.
2. Are you owner, renter for money, or for share of the crops of the farm?
3. Are you white or black?
4. Number of acres of land, improved and unimproved.
5. Acres irrigated.
6. Number of artesian wells flowing.
7. Value of farm, buildings, implements, machinery and live stock.
8. Fences: Cost of building and repairing.
9. Cost of fertilizers.
10. Labor. Amounts paid for labor, including board; weeks of hired labor, white or black.
11. Products: Estimated value of all farm productions sold, consumed, or on hand for 1889.
12. Forestry: Amount of wood cut, and value of all forest products sold.
13. Grasslands: Acres of each kind of grassland cut for hay or pastured; tons of hay and straw sold; clover and grass seeds produced and sold; silos and their capacity.
14. Sugar: Cane, sorghum, maple and beet; sugar and molasses; acres, product and value of each.

Besides these questions on the regular Agricultural Schedule No. 2, Superintendent Robert P. Porter has ordered several special investigations in the interests of agriculture, among which are viticulture, nurseries, florists, seed and and truck farms, semi-tropic fruits, oranges, etc., live stock on the great ranges and in cities and villages; also the names and number of all the farmers' organizations, such as Agricultural and Horticultural Societies, Poultry and Bee Associations, Farmers' Clubs, Granges, Alliances, Wheels, Unions, Leagues, etc.

In no part of the census work have the lines been extended more than in the direction of agriculture, and if farmers will now cheerfully co-operate with the Enumerators and other officials in promptly furnishing the correct figures more comprehensive returns regarding our greatest industry will be obtained than ever before.

Denominational Doings.

Elder C. S. Lucas, of Roanoke, Va., has been called to succeed Dr. I. A. Thayer as pastor of the Christian Church, this city. Elder Lucas has been engaged in the ministry about twenty years, having served as pastor at Lynchburg, Va., three years, at Lexington, Mo., eight years and at Augusta, Ga., six years. When he took charge of the church at Augusta, it had a membership of about 200; he left it with a membership of about 600.

The Southern Methodists, in session at St. Louis, condemned dancing, card playing, theatre going, racing; owning, raising and selling race horses; circuses, manipulating land booms, buying and selling lottery tickets, renting houses for liquor traffic, or editing Sunday papers. It is a curious coincidence that the delegate who introduced the resolution against racing was Rev. J. J. Hoss.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach, and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

To Those Who Go Afoot:

We direct attention to our large lines of Footwear just received, in anticipation of our early Summer demands.

Our stock of heavy wear, in Plow Shoes, Brogans, Kip and Calf goods was never equaled.

Our lighter goods in Men's, Women's and Children's wear, in all the styles of manufacture, make up the handsomest Shoe exhibit ever seen in Maysville.

We defy competition in qualities. That our values are twenty-five per cent. cheaper than may be found elsewhere goes without saying. We will display some taking specialties to-morrow (Saturday) and the coming week. Come and see them. They'll please you.

A FLOATER FOUND.

The Body of An Unknown Man
Caught in the Ohio a Short
Distance Below Town.

About 2 o'clock yesterday afternoon
the body of a white man was seen float-
ing in the river by some parties in the
West End. Mr. Charles Dinger procured
askiff, followed the remains, and brought
them to shore near Sullivan's point.

Coroner Cockrell was summoned and
an inquest was held. No marks of vio-
lence were found, and the jury decided
that it was a case of accidental drowning.

The body had evidently been in the
water some time. It looked to be that of
a man between thirty and thirty-five
years of age. Height about five feet ten
inches; weight about one hundred and
forty pounds; color of hair, light brown.
Such is the description of the unfortunate
as taken at the inquest. He was well
dressed and had on a pair of Congress
gaiters and also a pair of overshoes. No
papers were found on the body. In one
of the pockets was a purse, but the only
thing it contained was a Chesapeake &
Ohio local baggage check—No. 8,145.
This may lead to the identification of the
remains.

Q. A. Means & Son took charge of the
body, and buried it at the County In-
firmity in the East End.

THE Chicago Medical Journal says the
question whether a hypnotized person
who acts at the suggestion of others is re-
sponsible for his actions, is considered in
Sweden to depend upon the fact whether
he knew of the danger to which he ex-
posed himself in becoming hypnotized,
and submitted to it voluntarily. If so,
by the laws of that country he is held re-
sponsible; otherwise not.

To Suppress Anarchy.

Several Foreign Powers Engaged in the Warfare.

THE FRENCH TAKE THE LEAD.

Germany Next in Line Carrying Out the Views of Her Emperor—England and Switzerland the Only Opposing Countries—Various Other Foreign News.

LONDON, May 27.—The French government is sounding other European states in regard to an international movement against Anarchists, the object substantially being a mutual agreement among the nations of Europe and America also, if they can be induced to join, to deliver up all persons guilty of Anarchist violence, and to spare no effort to suppress such offenders.

In this respect the French and Germans are for once agreed, the French ministry expressing entire accord with the views of the German emperor, that if the conditions of the common people is to be improved, Anarchy must be extinguished. It is thought that Austria will take an earnest share in bringing about the desired co-operation, as the subject is one upon which the Austrian emperor has heretofore expressed very decided views. About nineteen years ago Emperor Francis Joseph made a proposition, through his minister, to enter into an agreement with Germany for the suppression of Anarchy, but notwithstanding that the plan was approved by Bismarck, the German cabinet took no action.

The countries most in the way of such an arrangement would be Switzerland and England. In England very decided evidence of actual participation in murder or other serious crimes would be required before popular opinion, always powerful in Great Britain, would permit the extradition of an alleged offender. Little Switzerland has always sturdily maintained the right of asylum for men and women fleeing from political persecution and it might be difficult to draw an exact line between such and persons whom governments like Russia, Austria and Germany would regard as Anarchists.

A Ten Thousand Year Clock.

BERLIN, May 27.—Herr A. Noll, living at Berlingen, in the Black forest, after five years' patient and arduous labor, has constructed a wonderful clock, which he considers surpasses in marvelousness all clocks of ancient or modern times. This timepiece is warranted to go without stopping and without winding till midnight of the year 9999, practically a 10,000-year clock. On the dial, besides the time of day, it shows years, seasons, months, weeks, days, festivals and sun and moon changes. It is not known what guarantee its maker gives of the works sustaining the wear and tear of so long a period, but he evidently has full faith in his product and demands 50,000 marks for it. The clock is now on exhibition at Berlingen.

Germany After Morocco.

LONDON, May 27.—The Germans, not satisfied with their achievements in East Africa, are endeavoring to gain a foothold in Morocco and are conducting quiet negotiations with the sultan to that end. The news has created much feeling in France and Spain, both of which countries have eyes on the riches of the barbarous empire of the Moors, Spain regarding Morocco as hers by the right of succession to the Moorish sovereignty to the Spanish peninsula, and hence following her policy of bringing the Northern African states within French control—a policy interrupted for long intervals, but apparently never abandoned. It is not thought likely that the other great powers of western Europe will consent to the Germans obtaining any advantage in Moorish territory.

Narrow Escape From a Wreck.

HAVRE, May 27.—On Sunday morning an accident occurred to the steamship La Gascogne, which arrived here from New York yesterday, creating a great sensation on board. The vessel was steaming at half speed off the Scilly islands in a dense fog. Suddenly the fog lifted and an immense rock was sighted only a few yards ahead. The engines were reversed and backed at full speed. The ship struck the rock with only a slight shock, and was backed away in safety. Very little damage was done. The sudden lifting of the fog undoubtedly saved the vessel from being wrecked.

Newfoundland Seeking Redress.

LONDON, May 27.—Lord Knutsford, colonial secretary, has received an address to the queen couched in angry terms from the Newfoundland legislature. The address protests against the aggression of the French, declines to consent to the arbitration of the lobster dispute, demands the removal of all lobster curing establishments, the stoppage of all fishing privileges and the abolition of all bounties. If the government refuses to accede to these demands the address threatens that the Newfoundland authorities will apply measures of its own to obtain the redress sought.

England's Manufactures.

LONDON, May 27.—Earl Rosebery presided over the deliberations of the British workmen's co-operative congress yesterday and laid before that body some interesting statistics, showing the increased prosperity of the country and the working classes. In the last twenty-six years, he stated, the profits accruing from England's manufactures had aggregated 39,000,000 pounds, while in the same period the sales of manufactured products had increased 2,000,000 pounds each year.

Sixteen People Drowned.

BERLIN, May 27.—At Alvensteden, Prussian Saxony, yesterday, a house surrounded by the waters of the prevailing flood resultant from the recent heavy rains, became undermined and was swept away. There were sixteen inmates of the building and all them were drowned.

THE WORK OF LYNCHERS.

A Man Tied to a Tree and Shot Twenty Times.

RHLEIGH, N. C., May 27.—John Starling, living near Selma, in Johnston county, was surrounded by a party of masked men while on his way home last Saturday night, tied to a tree and shot to death, two balls being put into his body. He had made some threats against a peaceable citizen and was returning home from a magistrate's trial, where he had been to answer to the summons of a peace warrant. His wife was in the wagon with him. The mob threw a rope over his head, dragged him out and carried him far enough into the woods to prevent her from being an eye witness to his fate.

Some time ago an old lady named Celia Brown and her grandson were foully murdered in Johnston county. Mrs. Brown was Starling's mother-in-law, and there was a well founded suspicion that Starling murdered her that he might get possession of her property through his wife. He was tried on the charge of murder, but Starling had so terrorized the community that it was impossible to get any one to testify against him, and he was acquitted for want of sufficient evidence to convict. Later on the houses of two people who made themselves conspicuous in the trial against him were burned. People of the community thought this was Starling's mark of vengeance. They determined to submit to his terrorization no longer, and on Saturday night they banded together and took him from his wagon and left his lifeless body tied to tree near his house as related.

Man and Wife Assassinated.

NEWPORT, Ark., May 27.—Harrison Sailor and wife, two respectable and inoffensive negroes living near Riverside, Woodruff county, were assassinated at their home yesterday morning by unknown persons. At a large meeting held here yesterday much indignation was expressed, and resolutions denouncing the outrage were adopted and calling on the governor to offer a suitable reward for the apprehension of the perpetrators.

Burgling but Successful Robbery.

ST. PAUL, Minn., May 27.—Burglars entered the office of Henry Lamb & Sons, butchers, some time between Saturday and Sunday night, and breaking into the safe with a sledge-hammer and a blacksmith's punch, secured \$1,200 in cash and valuable papers. No clew has yet been secured as to who committed the robbery, which was a rather bungling, though successful job.

Thirteen Buildings Burned.

MADISON, Wis., May 27.—Fire at Cambridge, in this county, last night, destroyed thirteen buildings, being the principal part of the town. The loss is estimated at \$40,000; insurance half that amount. The fire originated in a barn. It is supposed to be the work of an incendiary.

Fatal Ride on a Hand Car.

LAFORTE, Ind., May 27.—Last evening H. Opelt and five other men were returning to Mishawaka, a small town near South Bend, Ind., on a hand car on the Lake Shore road. Turning a curve they discovered the limited express thundering toward them at the rate of forty miles an hour. The engineer sounded the whistle, and all but Opelt jumped from the car. The latter tried to remove the car from the track when the engine struck it, knocking the car and its load of wood and throwing Opelt many feet, breaking one of his legs, fracturing his skull, and the head was nearly severed from the body.

Killed His Daughter's Lover.

MADISON, Ind., May 27.—James Hinds, a policeman, shot and fatally wounded Carlos Antle yesterday. Antle has been paying attention to Hinds' daughter for some time against the wishes of her father. He is an estimable young man, and the shooting has provoked intense indignation against Hinds.

Young Woman Cut to Pieces by Cars.

KALAMAZOO, Mich., May 27.—A train last evening ran down a railroad velocipede near Dayton, Mich., on which Ed. Wolfe and a Miss Alshough were riding. He was thrown into a ditch uninjured, but she fell under the locomotive's wheels and was cut to pieces. She lived in Dayton.

Killed by a Base Ball.

SAVANNAH, Ga., May 27.—Ben. Myers, catcher of a colored base ball club, playing at Montgomery yesterday, was struck in the mouth by a ball thrown by the pitcher and instantly killed.

Killed By the Cars.

GRAND RAPIDS, Mich., May 27.—A carriage, occupied by Everett Radcliff and wife and sister-in-law, Mrs. Lillie Hunt, and the latter's daughter, while returning to the city from the lake yesterday afternoon, was struck by the dummy cars, and Mrs. Hunt was instantly killed. The others escaped with slight bruises. Radcliff, who was driving, saw the train coming, and tried to get across first.

Serious Floods in Texas.

VANCE, Tex., May 27.—The recent heavy rains have caused great damage in this section. The Nueces river has been higher than ever before known, carrying off farms and even entire settlements in places. Several lives were lost and great losses among stock of all kinds are reported.

World Editors in Court.

NEW YORK, May 27.—John A. Cockrell, editor, Julius Chambers, managing editor, and James F. Graham, city editor of The World, who were indicted by the grand jury for criminally libelling ex-Judge Hilton, pleaded not guilty to the indictments with leave to withdraw their plea in ten days.

Crushed Under a Cottage.

PORT WASHINGTON, Wis., May 27.—While trying to raise a small cottage yesterday the supports gave way and the house fell, crushing Julius Hobers and August Syoltz to death, and fatally injuring Louis Beyer.

Now in Full Possession.

NEW YORK, May 27.—The Atchison, Topeka and Santa Fe has formally assumed control of the St. Louis and San Francisco road.

OUR NEIGHBORS.
